

Dear Parents,

This year we created class projects and they were done so beautifully that many parents have inquired about ordering them for themselves and as gifts for relatives. We are happy to offer them to the community this week via this order form. Please note, individual orders will not be available and this will be your only chance to order them for this school year.

The photos are breathtaking, each unique and reflective of the grade and where the students are in their journey. We truly think you will want to have one of these photos as a special remembrance of the Grayhawk Elementary School 2018-2019 school year.

Please fill out the form in its entirety and return to the school office no later than **Friday, May 17th, 2019**. Orders will be placed and photos available for pick up in the school office beginning **May 21st, 2019**. Photos will be delivered in the size stated on the form. Please be certain to include quantities and fill out a separate form for each class as some may differ. We thank you for your support of this beautiful project and our school!
