Communications Chair- Brooke Morrison

- Please do not use tape on bulletin boards
- We have now moved to sending half-sheet flyers home with students. Therefore, when creating flyers, print the same information twice on each flyer and then cut

them in half. When sending the information to Brooke for the website, please give her a full sheet version to post.

Committees

- **Spiritwear: Kathy Bays-Cook**
 - 300 items ordered which is about what we have done in years past.
 - Most items went out on Friday but embroidered items were on back order. They will go out this week.
- **Fall Festival- Kelly Dobson**
 - Bingo night was the official announcement of Fall Festival. Held a raffle that did very well
 - Brooke has been given a blurb for the website
 - Sending out sign-up genius for pre-event help
 - Biggest need is sponsorship for booths
 - In return businesses get a nice sign with their company logo to put on their table. They can also put brochures on a table to advertise their company.
 - Trying to iron out raffle prizes
 - Hoping to get donations so we don't have to use our money for prizes
 - Looking to use tickets to pay for everything at the event so we don't have to have so many cash boxes all around. There would be one location for people to buy tickets.
 - Looking into doing Goony Golf on the south field
 - Please get word out about Fall Festival...especially to kindergarten families
 - Photobooth
 - Mrs. Monaco is having the student council create a backdrop for photobooth. Then people can just snap pictures using their own phones.
 - The Friday of Fall Festival will be "Pirate Day" at school for spiritwear
- **Other Information Discussed:**
 - Crosswalk
 - Concerns brought up about the crosswalk near El Dorado.
 - People line up to turn into El Dorado so people passing by do not see kids trying to cross.
 - Unfortunately that is not our school zone and El Dorado has chosen not to put a crossing guard there.

- Solution brought up to request a police officer to help with that area.
- Not My Kid
 - Last year we discussed the Not My Kid program and people were in favor of bringing it to Grayhawk. It was brought up that Student Council has money that can pay for it.
 - Question brought up about what the status of this is.
 - Kristin Klecka spoke to Tracie Campbell and she informed her that if we would like to bring them in December or January they might be able to give us a discount.
